EXTRAORDINARY COLLECTION OF BUST HALF DOLLARS — POSSIBLY THE LARGEST EVER OFFERED AT PUBLIC AUCTION

- 58 **Fillet Head.** Bust right. **1805 over 4.** Overton-101(R-4). Very Fine where struck-up and typically weak on the upper portions of the hair, head, and the rev. rim. Cleaned and lightly handled; minor scrape at 3:00 on the edge of the obverse. Very scarce.
- 59 **1806.** O-115(R-1). Pointed top 6; stem through eagle's claw. **Brilliant Uncirculated** and obviously cleaned at one time. Unusually clean surfaces and well struck at the outer perimeters; centers a little flat. An excellent type or date collector's coin and worthy of a substantial bid. **Plate**
- 60 **1806.** O-118a(R-3). Same type. Shattered rev. die. Very Fine where struck-up, but very poorly cleaned as there is much evidence of abrasion marks on both sides. Flatly struck-up on most of the hair and the eagle's right wing, dull gray color. An excellent candidate for restoration.
- 61 Bust right. **1807.** O-102(R-3). **Brilliant Uncirculated** but a trifle rubbed on the uppermost parts of Liberty's hair-(a situation that would have gone unnoticed had this lovely coin been left in its original state). Rev. frosty, flawless, and virtually **Gem** quality. Clean and beautiful; a little flatly struck-up on the high points of the hair and the upper stars on the left. A coin that should be examined. **Plate**
- 62 **1807.** O-110(R-2). About Uncirculated, lustrous, and bright. Poorly struck-up at Liberty's lower hair and curls and corresponding side of the rev. Cleaned but similar to ones we have seen priced to \$2000.00. **Plate**
- 63 **Turban Head. 1807.** Bust left. O-111b(R-5). The famous so-called bearded chin variety. Really Extremely Fine, but lightly polished. Sharp and clean, save for an old left field scrape. Rare.
- 64 Duplicate. Just Very Good, evenly worn, and naturally toned. Rare.

- 65 1807. O-112(R-1). Large stars; 50 over 20. About Uncirculated; lightly toned; obv. entirely prooflike with usual very minor bag and handling marks plus a microscopic right obv. field pin-scratch. Rare so fine and comparable to ones offered as "Proofs" that have brought several thousand dollars. Highly popular type and first year of the turban halves. **Plate**
- 66 Another. Very Fine where struck-up, lustrous about the devices, and possessing a few small scratches before Liberty's forehead.
- 67 Duplicate. About Very Fine, partly lustrous, and evenly toned. Usual strike.
- 68 Four more 1807, 50 over 20 varieties. The first three Fine or so, the last barely Very Good. 4 Pcs.
- 69 **1808 over 7.** O-101(R-1). Overdate. **Brilliant Uncirculated**, "dipped", fully lustrous, and rather well struck for this year; infinitesimal handling marks and usual multitude of die breaks on each side. A "commercial" Gem Unc.
- 70 Duplicate overdate. VF to EF with full denticles, lustrous russet and gray tone.
- 71 Triplicate. Very Fine and still retains much original mint frost. Nicely toned and highly attractive for the grade.
- 72 Four more. Very Good to about Fine, two of each. Excellent resale lot which Yeoman lists for over \$100. in Very Good. 4 Pcs.
- 73 **1808.** O-102(R-3). Very Fine, bold, but lightly cleaned. Scarce variety.
- 74 **1808.** O-102a(R-3). Fully **Mint State** with a lustrous warm gray tone. Centers sharp, but poorly struck-up about the rims and with a mild planchet defect obliterating the points of a few stars and correspondingly parts of ERICA of AMERICA on the rev. Interesting broken obv. die. Difficult to locate in this virgin state of preservation.
- 75 Duplicate. Ex. Fine to About Uncirculated, although this example appears at a glance "B.U." Fully lustrous with a trifle wear only on the high points. Poorly struck-up, as usual.
- 76 **1808.** O-103(R-1). About Uncirculated with full mint bloom and for the most part rather well struck. Similar to those making the rounds these days as "Choice Unc."
- 77 **1808.** O-108(R-2). Also, About Uncirculated, rather lustrous, and with a splendid rev. Worth seeing.
- 78 **1808** remainders. O-102, 102a(2), 103, 104, 105(3), 106a, 107, and 108(2). Good, F-VF, Fine, VG, Good, F-VF, About Fine, VG, Fine, Fine, VG, and Fair. Mostly uncommon varieties, the O-107 being very scarce. Excellent group for a beginner. 12 Pcs.

- 80 Duplicate. Extremely Fine, faintly lustrous, and toned an even gray color.
- 81 Three more. Very Fine, Fine, and About. Very Good. 3 Pcs.
- 82 **1809.** O-103(R-1). Very Fine, cleaned; About Very Fine, lustrous and deeply toned. 2 Pcs.
- 83 Four more. Very Good or better; relatively clean lot, one slightly bent. 4 Pcs.
- 84 **1809.** O-105(R-2). About Uncirculated, brilliant and lustrous, but cleaned. Struck on a beautiful broad planchet.
- 85 **1809.** O-106(R-5). **Brilliant Uncirculated**, beautifully struck and with superb, almost immaculate, surfaces. Really choice; a rare variety but exceptionally so in this striking condition. **Plate**
- 86 Another. Uncirculated, evenly toned, and lustrous. Beautiful though not nearly as sharp as the last lot. Still, worth a premium in this natural state. **Plate**

- 87 Another. Very Fine, natural gray tone. Rare.
- 88 1809. O-107(R-1). About Uncirculated, fully lustrous and lightly toned. Sharp except for Liberty's cap and corresponding side at the eagle's left claw and the arrow heads. Certain to be resold as "Unc."
- 89 Another. Really AU, but cleaned; quite lustrous, especially on the rev. Unevenly struck-up and an excellent candidate for restoration.
- 90 Two more. VF to EF, cleaned, but lustrous; Fine, lightly toned. 2 Pcs.
- 91 1809. O107b(R-5). Almost Very Good, unevenly worn. Rare variety.
- 92 Remainders. Two unattributed. Very Fine pair; one dull, the other lustrous but poorly centered on the obv. Obtained as EF! 2 Pcs.
- 93 Six more 1809 remainders. O-105, 107, 111(2), 115, and unattributable. VG, scratched; Good; Fine, cleaned; Abt. Fine; Abt. Fine, tiny rev. rim nicks; Fair. 6 Pcs.
- 94 1810. O-101(R-1). About Unc., lightly toned, and fairly well struck. Obtained as perfect.
- 95 Duplicate. Sharp Extremely Fine; well toned and attractive.
- 96 1810. O-101a(R-1). Was Mint State before someone cleaned it. Much original mint frost still remains on this well struck specimen.
- 97 1810. O-104(R-3). About Uncirculated, iridescent toning mixed with an even dull tone. Much "cartwheel" effect remains, especially on the reverse.
- 98 1810. O-107a(R-4). Mint State. Lovely iridescent tone and choice, except for some pin-scratches on and just above the eagle's right wing. A very scarce and desirable variety.
- 99 1810. O-110(R-1). Brilliant Uncirculated and choice, although obviously "dipped" at one time. Excellent surfaces and boldly struck-up, except for a portion above the eighth through eleventh stars. Rare so fine.
- 100 Duplicate. Extremely Fine, well toned and quite lustrous. Flatly struck-up on the high points; easily could qualify as "AU". A lot that should be examined.
- 101 1810. O-101(2), 102(4), 103, and 109. Average Fine condition, although the first, third, seventh, and eighth might qualify for Very Fine. Above average lot. 8 Pcs.
- 102 1810 remainders. O-101, 101a, 102, 103, 105(2), and 109. Very Good to Fine; the third with a dent above the cap, and the last really VF, but slightly rough and cleaned. 7 Pcs.
- 103 1811 over 10. O-101(R-3). Very Fine and Very Good; the former cleaned and well bag marked, the latter well scratched. Interesting variety with the date reading 18.11. 2 Pcs.
- 104 1811. O-103a(R-3). Large 8. Very Fine pair; the first partly lustrous, but very lightly scratched on Liberty's neck. 2 Pcs.
- 105 1811. O-104(R-1). Large 8. Not quite full Mint State but attractively toned and choice, despite a few left obv. field handling marks and a mark below Liberty's eye. Certain to be resold as "Choice Unc."
- 106 Another. About Uncirculated, lustrous but cleaned. Average strike and superior to many which are sold as Mint State.
- 107 1811. O-105a(R-1). Small 8, as all to follow. About Uncirculated, partly brilliant and partly toned with some blue iridescence appearing around the edges. Rev. not fully struck-up, as usual for this variety. Worth examining.
- 108 1811. O-107(R-3). **Brilliant Uncirculated**; flawless surfaces, and well struck-up (save for the eagle's left claws). Above average quality and certainly one of the finest specimens extant for this variety. **Plate**

- 109 1811. O-108(R-1). **Brilliant Uncirculated** with excellent frosty surfaces, not quite as well struck-up as the last lot, but still choice and very desirable.
- 110 Duplicate. Extremely Fine with lovely iridescent shades of rose, green and yellow. Obv. a trifle flatly struck-up.
- 111 1811. O-109(R-2). Superbly toned "**Gem**" **Uncirculated**; flawless and well struck. One of the most beautiful coins in this collection. **Plate**
- 112 Duplicate. About Uncirculated, lustrous, and partly toned.
- 113 1811. O-110(R-1). Delicately toned "**Virgin**" **Uncirculated**; choice, save for a small spot at the tenth star. Far above average condition for this year and possibly very rare. **Plate**
- 114 1811. O-111(R-1). Rev. broken through 50 C. Very Fine and Fine; clean coins except for the latter which has one or two dents in the back curls of Liberty's hair. Unlisted(?). 2 Pcs.
- 115 1811. O-112a(R-5). Evenly toned "**Gem**" **Uncirculated**; well struck, although poorly centered. A very interesting, quite attractive and rare variety; the finest one we have seen or handled. **Plate**
- 116 1811. O-113(R-7). Very Fine, gray toned mixed with a little iridescence. Exceptionally clean except for a few infinitesimal edge nicks which really aren't worth mentioning. **Extremely rare variety** of great importance to the bust half dollar specialist.
- 117 1811 remainders. O-103, 106(2), 107, 110, and unattributable. Very Good; Very Fine, minor obv. scratches; Very Fine, cleaned; Very Fine, toned; Very Fine; Good. The first is a full R-4 and is a large 8, the balance are small 8's. 6 Pcs.
- 118 **1812 over 11**. O-102(R-3). Extremely Fine, sharp, but cleaned; a few tiny edge nicks really aren't worth mentioning. A piece that will only "improve" with age.
- 119 **1812**. O-103(R-1). About Uncirculated or so; attractively toned with reflective surfaces, but well handled. Will bring a premium because of the surfaces.
- 120 Duplicate. Extremely Fine or possibly AU, but cleaned; irregularly struck-up about the rims and very flatly struck-up on the rev. Lustrous enough to have been previously acquired as "BU"!
- 121 Two more. Very Fine pair. 2 Pcs.
- 122 **1812**. O-104(R-1). Mostly brilliant, partly toned **Uncirculated**. Quite clean and attractive.
- 123 Duplicate O-104. **Brilliant Uncirculated** and obviously "dipped." Good surfaces except for a few very small marks at 10:00 on the obv. and one correspondingly on the rev. There is also a planchet defect at the thirteenth star. Better than it sounds. Records to \$450. for similar ones.
- 124 Triplicate. About Uncirculated and like some of these, cleaned to resemble a brilliant Unc.-(which it will undoubtedly be soon resold as). Excellent surfaces and strike.
- 125 **1812**. O-105(R-1). Brilliant Unc., but "dipped." Clean and well struck, though not perfectly centered. Still, a choice specimen.
- 126 Duplicate O-105, but off center 5% towards the upper left on the obv. Brilliant about Extremely Fine. A common variety of interest to the "mint error freak."
- 127 Three more O-105's. Fine to Very Fine trio, differently toned. 3 Pcs.
- 128 **1812**. O-105a(R-4). Just a few rubs away from perfect Mint State. Brilliant, lustrous, choice for the grade, and another piece that has "seen the dip."
- 129 **1812**. O-106(R-5). Extremely Fine, well toned to a gray blue with green and yellow tone. Obv. unevenly struck-up, rev. bold. A truly rare variety in nice shape. Purchased as "Unc."

- 130 Duplicate. Extremely Fine, lightly toned here and there; rev. sharp and lustrous. Rare.
- 131 1812. O-108(R-2). Fine to Very Fine trio. 3 Pcs.
- 132 1812. O-109(R-1). Not quite full Mint State. Delicate toning and strike; struck slightly off center, but attractive.
- 133 1812. O-110(R-1). Uncirculated, mostly an even lustrous but dull gray tone. Evenly struck-up with flat stars as usual for this variety. Above average.
- 134 1812 remainders. O-102(2), 103(2), 104(3), 105a(2), 107(3), 109(3), and 110(2). Average Fine group, several being "commercial VF's" and three others Very Good. Mostly clean examples with the exception of two which are scratched. The first two are overdates, the eighth and ninth are full R-4's; and the balance common varieties. Excellent starter group or resale lot. 17 Pcs.
- 135 1813. O-101(R-4). 50 C. over inverted UNI. About Uncirculated, brilliant and lustrous; minimal signs of handling and old cleaning. A very scarce variety. variety.
- 136 Duplicate. Extremely Fine. A sharp and problemless coin.
- 137 1813. O-103(R-1). Uncirculated, lightly toned, and mostly free from bag or handling marks. A nice example of a year which, in our opinion, is underrated in Mint State.
- 138 1813. O-105(R-1). Not quite Uncirculated; deep bluish gray tone on the obv., rev. a lighter shade. Only minor rubbing on the high points keeps this coin from being perfect. Worth a premium for the toning.
- 139 Duplicate. Basically Uncirculated, but "dipped." Good surfaces and boldly struck. Still, worth a good price.
- 140 A third. About Uncirculated, mostly brilliant with some light toning. Flatly struck-up on the high points. Highly lustrous and far from unattractive.
- 141 Fourth. Extremely Fine, highly lustrous, and lightly toned. A classic example of this grade.
- 142 Fifth and sixth. About Extremely Fine pair with the normal amount of handling one would expect on coins of this grade. Cleaned, but unharmed. 2 Pcs.

Obv.: Eagle with ribbon and shield, 887 THOUS on scroll above; UNITED STATES OF AMERICA FIFTY DOLLS around inside circle; date and AUGUSTUS HUMBERT UNITED STATED ASSAYER OF GOLD CALIFORNIA outside circle. Rev. Usual target center with engine turning around. Very Fine sharpness with the usual multitude of nicks and handling marks. Few minor edge nicks and bruises as usual; date weak but legible. No jewel but presentable and a "slug" suitable for someone not wishing to spend a five figure price for a "Gem." Could bring \$4000.00. **Plate**
- 809 **Commemorative Gold.** 1916. McKinley Memorial dollar. Brilliant Uncirculated and prooflike. A beauty.
- 810 **California Octagonal Gold Dollar.** 1853. Lee 10. About Uncirculated, but evidently mounted at one time, as the top has been re-ground at the reeding. Made by Frautier, Deviercy and Co., the initials FD at the bottom of the rev.

COLONIAL COINS

VERY RARE SOMMER ISLANDS SIXPENCE

- 811 (1616). **Sommer Islands Sixpence.** Large portholes variety. Very Fine sharpness but unevenly struck-up on the usual thin, crude, and warped planchet. Most of the detail readable, except for the legend at the top of the obv. **Most of the silvering is retained**, a most unusual feature. Extremely rare so and lacking in most collections. The record for a sixpence (small portholes variety) is **\$28,000.**, achieved at Stack's March 1973 auction sale, and that EF example lacked silvering. **Plate**

VERY RARE 1737 HIGLEY

- 812 1737. **Higley copper.** Obverse: VALUE • ME • AS • YOU • PLEASE; reverse: I • AM • GOOD • COPPER. three hammers variety. Very Fine sharpness, but lightly pin-scratched on both sides, the poorer being the rev. Dark olive obv., rev. reddish brown. Date and legends easily readable. The planchet is not perfectly round, but relatively clean except for the scratches; however, there is a small chip out of it at 3:00. **Very rare** and vastly superior to the several worn out or severely damaged examples currently making the rounds at prices approaching five figures. An excellent opportunity for some advanced colonial collector. **Plate**

- 813 **Virginia Halfpenny.** 1773. Period after GEORGIUS; seven string harp. Mostly red Uncirculated toning to medium olive. Very nice and quite free from spotting and patination which usually plague these. Currently very popular and bringing record prices.

OTHER UNITED STATES COINS

- 814 **United States Half Cents.** 1795. Gilbert 5 (R-1). Plain edge; without pole. Very Good-8, but dark, rough, and with a large planchet crack at 8:00 approximately one third into the coin.
- 815 1795. G-6(R-5). Plain edge; without pole; struck upon a thin planchet. Usual rev. die break. Extremely Fine-40 or so, reddish brown color. Granular planchet as always; date rather weak as usual. Not perfectly centered, but sharp and a borderline Condition Census coin. **Plate**
- 816 1797. G-2(R-5). The low head; plain edge. Fair-2, rough, and green corroded. Rare variety.
- 817 1797. G-3(R-4). Head properly centered. Fine-15 or better, medium brown color. Excellent clean surfaces and very attractive for the grade. Very scarce and, in our opinion, an unappreciated and underrated variety.
- 818 **Large Cents.** 1793. Sheldon 4 (R-4). Chain AMERICA; periods obverse. Poor, partially black, and rough; date and part of rev. lettering readable. Space filler.
- 819 1793. Unattributable. Poor to Fair, dark, rough, and pitted. Chain, inside lettering, and denomination bold; LIBERTY and date partially discernible. We have seen worse graded "Good, corroded."
- 820 1794. S-43(R-3). Perfect die. Better than Good in sharpness, but dark, pitted and with the edges damaged and smoothed out.
- 821 1795. S-78(R-1). Very Fine-25, medium brown and olive. Granular planchet, but otherwise clean and desirable.
- 822 **Late Date Cents.** 1817. Newcomb 14. Mint State-60, olive brown mixed with original mint red. Minor handling marks with a few minor obv. spots and some verdigris around the ear; flatly struck-up on the hair. Common Randall find variety.
- 823 1823. Restrike. Advanced die state: obv. and rev. heavily broken. Mint State-60, mostly glossy brown but there is some original mint red in and around the devices. Usual amount of rust as a result of the condition of the dies. Unusual die state and a very desirable curiosity.
- 824 1833. N-2a. Mint State-60, Mostly light tan or brown faded from original color. Irregular obv. tarnish but sharp and beautiful. **Plate**
- 825 1833. N-2b. About Uncirculated-55, light brown gloss with plenty of hidden lustre. There are a few (removable?) spots on both sides. Improvable.
- 826 1837. N-3. Plain hair cord; large letters. Mint State-60 to 65. Faded mint red irregularly toning to olive. Unimpaired surfaces, although both sides have a multitude of tiny even rainspots. A good strike and attractive. **Plate**
- 827 1837. N-6. Plain hair cord; large letters. About Uncirculated-55 or so, olive brown faded from original color. Much lustre evident in the lovely, nearly flawless, fields.
- 828 1837. N-9. Braided hair cord; small letters. AU-50, but cleaned and recolored to an unattractive reddish olive.
- 829 1846. N-2, State III. Small date. Almost Mint State-60, dull but a lustrous greenish tan. Few tiny obv. spots.
- 830 1851. N-2. Mint State-60; dull red brown obv., frosty brown rev. The obv. has a dozen or more small to medium sized green spots; the rev. splendid and about "good enough to eat."
- 831 1852. N-3. Mint State-60, glossy reddish brown, Sharp, the surfaces are particularly clean and attractive.
- 832 1853. N-19. Mint State-60, mostly reddish brown color. Nice surfaces.

- 833 1855. N-4. Upright 5's. Rev. edge broken in four places above STATES. Mint State-60; faded red and olive obv.; highly lustrous red olive rev. There are a few tiny carbon spots around the thirteenth star. A common variety, but an interesting die state.
- 834 1856. N-6. Upright 5. Mint State-60; deeply faded mint red obv., rev. lovely lustrous olive with a little red at the center. Few old obv. spots, the most noticeable behind the hair and slightly above the thirteenth star at a denticle. Currently bringing to \$200. in this state of preservation.
- 835 **Lincoln Cents.** 1936. Brilliant Proof, minutely abraded and spotted on the obverse.
- 836 1972. Double die. Brilliant Uncirculated.
- 837 **Three Cents Nickel.** 1882. Brilliant Proof, slight gray tone. Choice.
- 838 **Liberty Head Five Cents.** 1899. Proof; brilliant obv., rev. slightly cloudy. Probably will "dip out" and become a "Gem".
- 839 **Liberty Seated Dime.** 1837. No stars. Small date. Brilliant "Gem" Uncirculated. Although "dipped" it is still a beautiful and highly desirable type coin which is in great demand in this condition. **Plate**
- 840 1887. Brilliant Proof, lightly hairlined on the obverse.
- 841 **Liberty Seated Quarters.** 1860 "O". Uncirculated, mostly brilliant. Minor obv. handling, plus a few signs of bag marks on both sides. Very scarce.

How to Weigh

The Merits of an Auction Service

1. Check firm's reliability, reputation, and length of time in business. Refer to Dun & Bradstreet.
2. Investigate the terms and all charges. Ascertain the date of settlement.
3. Check insurance coverage.
4. Compare quality and amount of advertising.
5. Check location and facilities.
6. Determine the actual number of catalogues distributed, as well as the type of mailing list employed.

And

7. Decide if conscientious attributions and meticulous attention to detail really "sell" your coins.
8. Decide if an authoritative presentation and fine plates are to your advantage.
9. Consider the added advantages of combined floor and mail bidding.
10. Consistently compare results, not only in reference to a few key lots, but throughout an entire catalogue.
